

Testing - (Dec 05)

### Error Encounter # 1

Tama na yung computation sa taas pero mali parin yung nasa baba tsaka nasa column ng operating income.

### Error Encounter # 2

Di pa naayos yung titles sa expense tracker

This Month of August -> Current Month

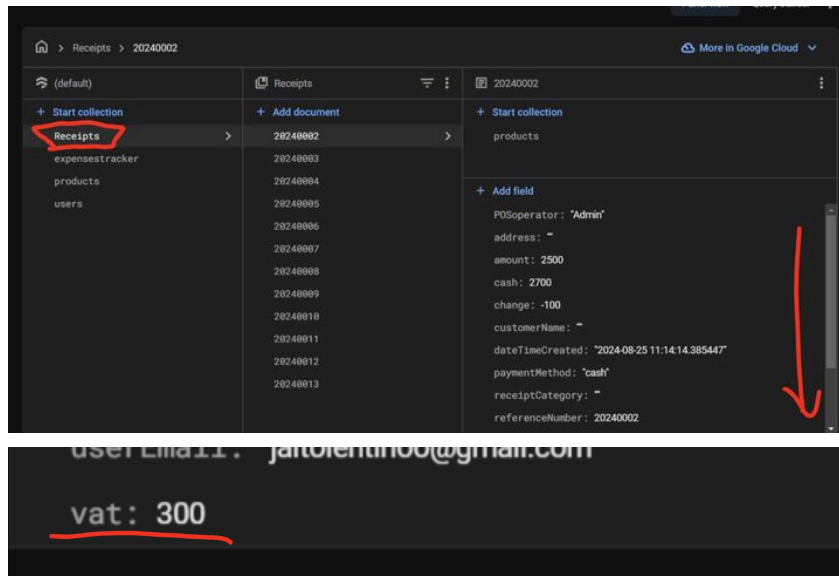

Last Month of July -> Last Month

### Error Encounter # 3

Yung computation ng tax expense is:

Total "vat" ng lahat ng receipts for the month

### Konting pasuyo

Pasuyo #1: Pwede bang idulo yung percentage
